The year's leading event for professionals focused on common criteria

Setting the Global Agenda for Common Criteria

Reserve your seat at the 17th ICCC, the leading forum for the community of professionals involved in Common Criteria (CC), the widest available mutual recognition of secure IT products. ICCC is a high-level technical conference, a forum for discussion on the policy and application of CC, and a professional networking opportunity for those in charge of specification, development, evaluation, certification and approval with regard to the IT security of products and systems. The three day conference program will feature government and industry experts from across the international Common Criteria community.
